

## A6 Pillow Card Template

1. Cut around the template and then cut out the oval aperture.
2. Score the blue lines.
3. Overlay the template onto an A6 card front & faintly mark the position of the aperture.
4. Position decoupage so it is visible through the aperture. Use either double sided adhesive tape or tacky glue on the face of the side flaps & adhere to the face of the card, one side at a time, so that they will be concealed within the 'pillow'.
