

# Cafe Latté Card Collection

## (6) Cameo

What you will need to replicate this project:-

20.3 x 6.7 cm rectangle cut from 30cm square paper

A5 Card stock – brown

5 x 8 cm die cut oval- cut from cuttlebug embossing plus frame)

- Cream

5.5 x 3.5 cm Butterfly glitter die cut – gold

2 x Glittered butterfly die cut of 4 x 2.5 cm – gold

10 cm round glitter die cut frame - gold

2 Scraps of glitter card approx. 2 x 6.7 cm – brown

Border peel off chain – gold

Assembling the project:

With a brown card blank in landscape position, measure & mark both top & bottom at the central point at approx. 7.4 cm. Score in the line & fold, creasing the card well.

Position the rectangle of decorative paper centrally on the front of the card, allowing an even border of card left visible. Attach the two scraps of brown glitter card approx. 2cm from top & bottom of the paper.

Cut the circular frame exactly in half & using tacky glue, attach by the cut edges against the edge of the paper, so that the semi circles of frame cross over at their centre.

Attach the cut out oval to cover the overlapping semi circles.

Position the large butterfly at an angle on the left of the lower brown glitter stripe & the two smaller butterflies to the top stripe.
