

# Cafe Latté Card Collection

## (2) Twin Butterflies

What you will need to replicate this project:-

1 A5 card blank – cream

10 x 14 cm rectangle cut from the 30 cm square sheet

2 die cut glitter butterflies 10 x 6 cm - 1 each brown & gold

2 die cut glitter butterflies 3.5 x 2 cm - 1 each brown & gold

Scrap of acetate large enough to cover one large butterfly

1 die cut & embossed Coordinations card tag approx. 9.5 x

2.7 cm – Cream

Decorative corner peel off – gold

Straight fine line peel off - gold

Assembling this project:-

With a cream card blank in portrait position, measure & mark both top & bottom at the central point at approx. 10.5 cm. Score in the line & fold, creasing the card well. Attach the 10 x 14 cm rectangle of paper centrally, to the card front. Trim the top left corner with short lengths of fine line peel offs – just enough to highlight the corner. Attach a decorative corner peel off to the top right.

Secure one of the large die cut butterflies to the scrap acetate & trim around the edge. Attach the other at an angle in the upper 2/3 of the card at an angle. Fold the other large butterfly down through the body & secure directly on top of the first one & then shape the wings.

Roughly distress the Coordinations tag & using 3D foam tape secure to the lower portion of the card. Attach one of the small butterflies at an angle at the left of the tag, & using the same tape on the body of the second butterfly layer on top of the first & shape the wings.
