

## Paris Nights Collection Cabaret

What you will need to recreate this project:

1 x A5 card - mushroom

9.4 x 13.4 cm of the decorative paper

5 cm circle of above

Doily/decorative edged circle approx. 9cm (card to match base)

Punched or die cut flowers approx. 3.5 & 5 cm

8 x 5 cm flat back pearl gems - oyster/creamy white

1 x 8 cm flat back pearl gem - oyster

1 x satin bow approx 3.5 cm - chocolate brown

Fine line border peel offs - gold

How to assemble this project:

With your A5 card in landscape position, measure & faintly mark the following positions along both the top & bottom of the card; 5.25 & 15.75 cm. Score in the lines & fold the card so the edges meet in a 'wardrobe door' style.

With the decorative paper in portrait position, measure & mark the half way point both top & bottom at 4.7 cm, pencil in this line & cut. Trim around the edges of both with the gold fine line peel offs, before applying centrally to each of the 'doors' of the card fronts.

Add the fine line peel offs to the decorative paper circle before attaching to the centre of the card doily. Secure the eight flat back pearls around the design. Layer up the two flowers & fix the individual flat back pearl to the centre.

Align the flower to the lower right of the 'doily' with the brown satin bow top right.

Turn over the doily, ensuring you do not lose the sense of direction & apply double sided foam adhesive pads (3D pads) to the right hand half only. Position the decorated doily to the central position on the card, secured to the left hand 'door'.
