

Summer at the seaside Pop-up card

What you will need to recreate this project:

- 1 x A5 card blank - white
- 1 x A5 card blank - pastel blue
- Design sheet - available on site
- Pop-up template - available on site
- Pencil & ruler
- Craft knife, cutting mat & steel ruler
- Scissors
- Glue stick/wet glue
- 3D pads (double sided adhesive foam pads)

How to assemble this project:

Cut out everything from the embellishment sheet. Cut around the template & score in all perforated lines & using a craft knife, cutting mat & steel ruler, carefully cut through the lines marked in red.

Position the template onto the pastel blue A5 card stock & mark out. Repeating the same score & cut lines you used on the template itself.

With the A5 card blank in horizontal position, measure & mark the central point, both top & bottom at approx. 10.5 cm, score in this line.

Position the main image centrally to the front of this card using either wet glue or a glue stick, then layer up the decoupage.

Open out the pastel blue pop-up mechanism & using 3D pads attach the three individual beach huts to the front of the 'steps' of the mechanism.

Use the other embellishments & the glue stick/wet glue to decorate the surrounding areas - as shown in the picture insert at the head of the page. You may want to cut away one of the clouds as I have done here.
